Barry/Kell:

I had call today with Region 9 (Enrique and ORC) on Anaconda – NPL listing / deferral

We are aligned pretty well with Region 9 on the issues and approaches. I would note that for the meeting on the 21st the PRP (ARC) flags 2 issues – the AOC termination language and the GW waiver (EPA approach vs. the state). The GW issue and how it is or will be addressed is of course one the principal concerns that Region 9 and OSRTI share. I am including the latest letter from Reg 9 to NDEP that summarizes the state of play.

Enrique and Angeles,

Please find attached a proposed agenda for our meeting next Tuesday for your review and input.

I tried to capture what EPA and NDEP consider threshold issues for resolution at this stage and prioritize item sequence on the agenda.
